FACILITIES AND EQUIPMENT

Training is held at 2201 Zinga Dr.
Reedsburg WI, 53959.

It includes a classroom for lessons, a yard for hands on training including actual loading docks. Equipment used for training are driver kits which includes several Truck Driver reference books. The Federal Motors Carriers Safety Regulations, a driver training manual, a current road atlas, a safety green vest, a live Samsara training electronic logging device, a three-axle sleeper cab tractor with a 10-speed manual transmission, and a 53-foot dry van trailer.

Skinner Transfer would help provide housing if needed.

MISSION STATEMENT

The mission and purpose of Skinner Driven CDL Training School is clear and uncompromised. The objective is to prepare students with the knowledge and skills that will enable them to qualify for entry level jobs within Skinner Transfer Corp and the trucking industry. Emphasis is placed on safety, a thorough understanding of the Federal Motor Carriers Safety Rules and Regulations, the operation of heavy-duty tractor/trailer equipment, and defensive driving techniques necessary in developing the skill level required to pass the Commercial Driver's License Examination. Skinner's Driven CDL Training School is designed to train, educate, and assist in the placement process in the trucking industry.
